

Natalia GC

Please, tell us something about yourself

I like photos with sportswear, tights, and also clothes for going out dancing. Thank you very much for this photoshooting, oh, and I also love the design of the Mundinix bandeaux

How many Mundinix categories are and why?

There are 18 categories. Each category has 3 varna which are sub-classifications and at the same time, and this way we can create synergy together

Please, let us know what Periphero category is about

Periphero is a non-membership Mundinix category. That is, many times they don't even know they are on the list. They are mainly suppliers or clients of a company whose shareholders are Mundinix members

How many VARNA does the Periphero category have?

3 Varna. The same as the other categories. In short, Varna means Color, so we use the word to describe a variant in a category as you can read below

Potential

They are clients or suppliers that we are investigating, or negotiating with them.

Provider

They are suppliers of services or things, of companies in the group

Client

Client, are those who buy things or services from companies related to Mundinix, of course as long as they are important, or that they are difficult, sporadic operations, otherwise we will not consider them in the list

Los Periphero

Contanos algo de vos

Me gustan las fotos con indumentaria deportiva, malla, ropa interior y tambi n indumentaria para salir a bailar. Muchas gracias por hacerme las fotos y de paso me encanta el dise o de los bandeaux de Mundinix

Cuantas categorias de miembros de Mundinix hay y por que ?

Hay en total 18 categorias. Cada categoria tiene 3 varna que son sub-clasificaciones

Contanos en resumen que son los Periphero

Periphero, es una categoria de Mundinix de no-membership. Es decir, muchas veces ni saben que estan en la lista. Principalmente son proveedores o clientes de alguna empresa cuyos accionistas son miembros de Mundinix

Cuantos VARNA tiene la categoria Periphero ?

3 Varna. Lo mismo que las demas categorias. En resumen Varna quiere decir Color, y son variantes, a continuacion las describimos

Potential

Son clientes o proveedores que estamos investigando, o negociando con ellos.

Provider

Son proveedores de servicios o de insumos, materias primas de empresas del grupo

Client

Client, a la inversa que en el caso de los provider, aca los clientes son los que nos compran, claro siempre que sean importantes, o que sean operaciones difciles, esporadicas, de otra manera no los vamos a considerar
